PCS6.5 with hanging mount

PCS6.5 with surface mount

PCS6.5 with LSA6.5

Earthquake Sound is proud to announce the all-new PCS6.5 indoor and outdoor pendant speaker. The easy-to-install hanging suspension and wall mount choices allow the PCS6.5 to be installed in virtually any indoor or outdoor environment.

The PCS6.5 is available in matte black, however the unique enclosure finish allows the PCS6.5 to be painted to match any surrounding.

The hanging suspension is especially excellent for use in commercial spaces such as being above lighting in a restaurant while remaining out of sight. The included wall mount allows for even more versatility such as wall, floor, or ceiling mounting, perfect for a Sunday barbecue on the patio.

In addition, Earthquake Sound offers the landscape speaker accessories, LSA6.5 (sold separately), for an even wider range of outdoor placement possibilities.

PCS6.5 Features:

- Compatible with 25V, 70V, 100V, and 8-Ohm systems
- Matte black UV-resistant polypropylene enclosure
- Paintable enclosure to complement any decor
- Equipped with a 6.5 in. polypropylene woofer cone
- Includes a 1 in. inch aluminum dome tweeter
- Versatile hanging suspension, surface mount, and landscape mounting options

Optional LSA6.5 Kit Sold Separately

PCS6.5
